

Hercules INDUSTRIES

Employee owned. Family founded. Made in the USA.

Machinery Division

HERCULES
EMPLOYEE OWNED

As we provide a full line of products for heating and air conditioning systems to contractors throughout the Western United States, we will instill a philosophy and culture of continued improvement in our company.

Through growth, we will invest in our business to provide the tools for future opportunities. We will nurture and maintain the family culture of our employee-owned business in which our employees grow financially, intellectually, emotionally and spiritually.

Hercules

INDUSTRIES

- Different bending lengths available
- 14 Ga. mild steel and lighter available; up to 12'
- "Straight" or "Box & Pan" tooling available

ROPER WHITNEY Hand Tools

Slip Rolls

Cleat Benders

Crimper/Benders

RAMS-2006 Pittsburgh Rollformer

- 20 Ga. mild steel capacity
- Optional power flanger shown

GRIPNAIL Model 7005 HS Fixed Head Gripnailer

DURO DYNE LSU Liner Cutter

- Capable of cutting cotton fiber insulations, filter media and rubberized products as well as fiberglass duct liner

DURO DYNE FG Mach III Pinspotters

- 18-26 Ga. mild steel material thickness
- 1/2" to 4" pins

TENNSMITH 4ft Finger Brake (Shown with optional stand)
 • Tennsmith 4ft x 22 Ga. mild steel finger brake

TENNSMITH LM1010 Power Shear
 • 10ft x 10 Ga. mild steel Electro-Mechanical Power Shear

TENNSMITH 52" Foot Shear
 • 52" x 16 Ga. mild steel foot shear

AZIMUTH Clincher
 • 14-31 gauge galvanized or aluminum
 • 40 to 80 psi
 • 250 strokes per minute

NAMCOR Striker HDX
 • Square to Rounds made easy
 • 24" to 30" models
 • 16 ga mild steel capacity
 • 90 to 120 psi

EMPRO Rocker Arm Water Cooled Spot Welder

- 25, 35, 50 KVA available
- Water cooled
- Manual/foot or air operated

EMT-7R Power Rotary

- 14 ga mild steel
- 11" throat
- Bead, crimp, flange

J&L MACHINERY

J&L MACHINERY Power Cleat Bender

- 18 Ga. mild steel x 36" or 24" length
- Multiple bend angles available

MID-RIVERS MACHINERY

Air Cam Clincher Machine

- 14 ga mild steel capacity
- 80 to 100 psi

Spiral-Helix Gorelocker

- 14-30 gauge capacity

Spiral-Helix Ovalizer

- 10' tube length
- 6" x 7" - 36" x 106"

Spiral-Helix Stitchwelder

- 3" - 40" diameter range
- 2" - 40/50/60" welding length
- Find material thickness

Spiral-Helix Tubeformer

- Standard, Pro, and Heavy Gauge Options
- 14-30 gauge capacity
